Statement on wood-based raw materials:

elka-Holzwerke GmbH hereby declares, until further notice, that – to the best of its knowledge and belief – the wood raw materials purchased:

1. Are harvested and processed in accordance with applicable legal provisions.
2. Come from sources that are neither controversial nor unknown, and that the timber has not been harvested illegally.
3. Do not originate from protected forest areas.
4. Do not originate from plantations that have been established through the significant conversion of natural forests into plantations or non-forestry uses.
5. Do not constitute conflict timber.
6. Not come from forests planted with genetically modified tree species.
7. Not be sourced from species classified as threatened or endangered.
8. Not originate from countries subject to EU sanctions regarding the export or import of timber products.
